TASTING NOTES:

The 2017 Reserve Cabernet Sauvignon is a beautiful and dense wine, with blue and black fruit aromas followed by savory notes of grilled herbs and sweet tobacco. Initially notes of blueberry compote and baker's chocolate give way to beautiful oak aromas of cedar and baking spice. On the palate bramble blackberries, red currants and Chambord are met with flavors of black clove, vanilla and graphite. This wine exhibits depth, nuance and energy, and will be cellar worthy for many, many years to come.
